About DP+  
PLUS

Design and Printing PLUS is a company that was established in January 2019, led by a Japanese individual who worked as a graphic designer for two years in the Ministry of Industry, Trade and Tourism of Malawi under a JICA (Japan International Cooperation Agency) program.

We are committed to providing 'High Quality' and 'Punctual' services with a mission of 'Changing Malawi through Design'. Design should essentially be a tool to facilitate communication between you and your clients.

However, many designers in Malawi do not understand this and Malawi is full of designs that do not fulfil this role. In order to provide you with more effective designs, give us time to study

your company, services or products first. Give us time to research your competitors and analyze the market.

Finally, give us time to discuss your strengths and the message you are trying to convey. We guarantee that we will provide you with a design that communicates a clear message to your clients.

Our designers receive excellent training from a Japanese designer who has much experience working for leading companies in Japan. As evidence of this, our designers have received prizes in several competitions held in Malawi.

Please welcome us as a spokesperson for your company.

# OUR SERVICES

We provide graphic design and printing services such as logo creation, banner, business card, brochure, booklet, poster, calendar, invitation card, illustration, map drawing, billboard, product package, branding as well as photography, videography, and video editing. Additionally, we run the comprehensive Malawi information website Malawi PLUS and publish two quarterly magazines Travel PLUS Malawi and Business PLUS Malawi. Both of these publications can be used to efficiently market your services and products.

## Mission

Change Malawi through Design
